

DEMOCRATIC WOMEN GET ON THE JOB

**Strong Organization Effected
Here Saturday With Mrs. C.
W. Cobb As President**

Organization of a Democratic Woman's Club was formally effected at a rousing meeting held in the court house Saturday afternoon. After election of officers and other business, two splendid democratic speeches were made before the women by Miss Laura Clay, delegate-at-large from Kentucky to the National Convention at San Francisco, and Judge W. R. Shackelford.

Plans are being set on foot for a close precinct organization throughout Madison county with the object of impressing upon every woman the necessity of going to the polls on election day and voting the democratic ticket.

Officers elected for the club are:

President—Mrs. C. W. Cobb.

First Vice President for City—Mrs. W. O. Mays.

First Vice President for County—Miss Anne DeJarnette.

Chairman of Publicity Committee—Mrs. C. S. Holton.

Treasurer—Mrs. Joe Head.

Secretary—Miss Margaret Parrish.

Mrs. Cobb opened the meeting of the democratic women with a stirring address. She said:

"Ladies:—We have met here for the purpose of perfecting plans for a permanent organization of the democratic women of the county. As all of you doubtless know, a number of ladies responded to a call to attend our democratic county convention here last Saturday, and it was suggested that it was on appropriate time to organize a woman's club to assist, or work in conjunction with the men's democratic club looking to the gathering together of all our forces for the election of a democratic president next November. Whereupon, a committee of three ladies was appointed for this purpose, and immediately after the adjournment of the county convention, a number of the ladies present remained, and at request of the newly appointed chairman, Miss Laura Clay, kindly consented to act as temporary chairman and direct our embarkation upon this unknown sea.

"As chairman, I was called upon for a speech, but I admitted that I was too young to talk (now, don't you look at my silver locks and laugh at such a remark). At my mother's knee I was taught that children should be seen and not heard, and as a voter and politician, I am in my swaddling clothes and realize full well that I must crawl before I walk, and am content to listen and learn, and have just returned from the Louisville convention where I tried to learn my first lesson.

"The Kentucky legislature has granted presidential suffrage to Kentucky women, and it is now not merely a matter of opinion but our duty as mother, teacher, democratic citizen, to go to the polls and vote. As we are informed, there are about 250,000 eligible women voters in this state; 60,000 to 65,000 negro women, who with possibly a few exceptions, most assuredly—even the lame, the halt and the blind—will take advantage of this granted privilege (as they should) and use the ballot, and you know now how they will vote. Now, are we going to sit back, 65,000 of us and not vote to off-set their number? If you do, you can figure out where we will be. It will be like the little boy's frog-in-the-well problem.

"Get busy, women, get busy. We know what you can do—what you have done. In every call for Red Cross service, for Y. W. C. A. Welfare Leagues, etc., women have done a noble part, and you need not say now, you haven't the time, nor ability—you have worked effectively there; you can and must work here. The combined horse is the one greatest in demand now. There will be many and varied objections by the women to voting. Meet these objections with a smile, be patient, and untiring in your efforts to succeed, so that our co-workers, the men, will look upon us as a help rather than a hindrance. Let our slogan be: Triumph, Democracy."

The Club then adopted the fol-

lowing resolutions as expressing the sentiment of the members:

"We, the democratic women of Madison county, pledge our belief in and devotion to the undying principles of the party and we organize ourselves into the Madison County Women's Democratic League, and offer our co-operation the democratic party organization in this county, for the purpose of enrolling and bringing to the polls the democratic women voters in the presidential election of November, 1920."

A call was then made for members, and those present wishing to join the club, were asked to come forward and give their names to the secretary, and the following responded:

Miss Mary Sullivan, Miss Anne DeJarnette, Miss Emma DeJarnette, Miss Margaret Phelps, Miss Laura Bright, Miss Emma Watts, Mrs. S. D. Parrish, Mrs. George Myers, Sr., Mrs. Harvey Chenault, Mrs. Alice Paris, Mrs. Harry Blanton, Miss Jane Rice, Mrs. R. C. Stockton, Mrs. Homer W. Carpenter, Mrs. Mary W. Sullivan, Mrs. S. A. Phelps, Miss Margaret Wilmore, Miss Elizabeth Wilmore, Mrs. Sidney No. 1, Mrs. D. H. Breck, Mrs. Jas. Deatherage, Miss Kathryn Parke, Mrs. P. M. Smyer, Mrs. Walter Park, Mrs. Thos. Jackson Smith, Mrs. Annie Richmond, Mrs. Susie Duncan, Miss Jamie Bronston, Mrs. Ella Powell, Mrs. William Bales, Miss Kathleen Bales, Mrs. Etha W. Gott, Miss Adele Cooper, Miss Viola Willoughby, Mrs. M. A. Lynn, Mrs. Mary A. Dean, Miss Pearl Jordan, Mrs. R. L. Telford, Mrs. Brown Telford, Miss Anna Lee Davis, Mrs. L. P. Evans, Miss Marianne Collins, Miss Stella Reed, Miss Marjorie Pierce.

The following had previously joined:

Mrs. C. W. Cobb, Mrs. W. O. Mays, Mrs. C. S. Holton, Mr. Ernest Jones, Mrs. Hattie Buchanan, Mrs. Mary B. Clay, Mrs. Joe Head, Miss Kathryn Poyntz, Mrs. Jennie Freeman, Miss Margaret Parrish, Mrs. Walker Hisle, Miss Bessie Miller, Miss Mollie Fife, Mrs. C. J. Bales, Mrs. E. E. McCann, Mrs. Harriett Campbell, Mrs. Joe S. Boggs, Mrs. S. J. McGaughey, Mrs. R. B. Terrill, Mrs. J. B. Stouffer, Mrs. Anne Dutton, Miss Bell March, Miss Marietta Hackett, Miss Emma Doty, Miss Mary S. Miller, Mrs. Alex Turpin, Miss Rose Robinson, Miss Bess Jean Turley, Miss Kathleen Sullivan.

CHRISTIAN CHURCH LAUNCH FUND DRIVE

**State Called Upon For Big Sum
And Work Is Already Well
Under Way**

The Christian churches of the city were filled Sunday when the start of the drive in the interest of the \$1,200,000 was made and there the visiting teams from other cities imparted much interesting and instructive information regarding the movement which has been launched throughout the state. One half of this sum goes to Transylvania College and other Kentucky educational interests and the other half to missionaries and allied organizations.

State Director Joseph W. Hagin, before leaving for Covington, Saturday, where he conducted the services in his own church Sunday, said reports reaching the headquarters of the Kentucky division Disciples World Movement were encouraging. Many men's banquets have been held the past week in the various churches, and speaking teams from county seat churches have been sent into the rural districts on the eve of the drive to present the matter to Disciples congregations.

Dr. Homer W. Carpenter, associated with Mr. Hagin in the direction of the campaign, spoke to a great mass meeting of Disciples at Winchester Sunday night and Dr. J. M. MacNeill, of Winchester, will address a meeting at Richmond at the same time.

Mrs. Louise Loos Campbell, general secretary of the Kentucky C. W. B. M., reports the women of that organization ready for the drive. Final rallies were held in a number of the churches Sunday night, and in of the churches the campaign to raise their quotas was made in the afternoon. Central Christian church has pledged \$11,000 of its \$15,000 quota before the start of the drive.

Dr. Carpenter said Saturday that reports coming in from other sections of the country showed that the general drive was progressing satisfactorily. Cleveland has raised \$50,000; Hutchinson, Kansas, \$50,000; Kansas City, \$150,000; the state of Kansas, \$600,000. Virginia churches generally report good starts on the work.

**PRESIDENT COATES
ON BEEFA PROGRAM**

President T. J. Coates, of the Eastern Normal school has gone to Berea, where he will address the meeting tonight of the Federal and Inter-State conference on Rural education. He will speak Monday afternoon "Finding Teachers", and will be heard by a number of others from this city, among whom will be Judge W. K. Price, and County Superintendent of schools Edwards, who will be in attendance. There was a bus load from the Normal school, principally students, departed Monday morning and they will remain for the day and night sessions. The program is an extensive one and the attendance is said to be even greater than was anticipated, although plans were made to entertain a greater number than usual.

**DANIELS LETS GO
BROADSIDE AT SIMS**

(By Associated Press)
Washington, May 10—Before the Senate investigation committee today, Secretary of the Navy Daniels made the long awaited reply to the criticisms of Rear Admiral Sims on the Navy's part in the war, let go a broadside which included charges that Sims lacked vision, belittled the work of the American navy in contrast to the British, coveted British decorations, and aspired to become an honorary member of the British Admiralty. Secretary Daniels asserted that Sims did not measure up to expectations in several ways.

**BOATS AND MARINES
FOR MEXICAN COAST**

(By Associated Press)
Washington, May 10—The dreadnaught Oklahoma was today ordered to proceed from New York to Key West for possible duty in Mexican waters. The ship will stop en route at Philadelphia and take on a full company of marines. The Oklahoma should reach Key West several days ahead of the transport Henderson, which is en route to League Island for an additional force of 1,200 marines. The Department early today had no report from four destroyers which were due at Tampico yesterday.

**Posse Closes In;
Murderer Suicide**

(By Associated Press)
Somerset, Ky., May 10—A posse today near Stearns, surrounded Cole Coffey, who shot and killed Deputy Sheriff Oliver Slaven yesterday while the officer was trying to arrest him, and as the posse closed in on him, Coffey committed suicide. The latter was charged with violating the internal revenue laws.

**BIG CHIEFS GOING TO
RED MEN CARNIVAL**

Judge H. C. Rice, John Sexton, C. H. Pigg and other big chiefs are preparing to go to Lexington Tuesday to attend the meeting of the Great Council of the Kentucky Improved Order of Men, which convenes for a period of three days there. They will be followed later by other representatives of Floating Canoe Tribe, No. 72 of Richmond and others from various parts of Madison county.

Judge Rice is a member of the board of appeals and will be in attendance throughout the meetings, he departing Monday night as the vanguard of the delegation from this city.

One of the features of the council meeting will be the election of officers, which will include that of Great Junior Sagamore, and the local delegation will support Beckham Overstreet, of Louisville, for the office of Keeper of Records. Most of the members of the local tribe are old electioneers, and they will campaign especially in the interest of the two above named men.

BASEBALL GAME TODAY

Members of the Winchester High school baseball team and the Model high school of Richmond called their second game of the season, Monday afternoon shortly after 2 o'clock at the Normal School campus grounds and with Crutcher and Dunaway as the battery for the local team, the members believe they will be able to deliver the second drubbing to the visitors. The latter however, are said to be well prepared for the contest, having made a number of changes in the lineup since the previous game.

Physicians report a falling off of general sickness during the past week.

The first marriage to take place in the Silas Baptist church near Georgetown, since its dedication 144 years ago, was solemnized Sunday when the Rev. Dillon Sebastian, a Baptist Minister, and Miss Bettie May Sparks, of Bourbon county were united in marriage.

The scarcity of cows are as attributed to the fact that the calves are not allowed to "grow up", but are turned over to the butcher when a few weeks old, and an effort is going to be made to stop this, in order to increase the quantity of milk in this and other counties.

OFFICER'S SLAYER IN RICHMOND JAIL

Murderer Of Canton, O. Detective Will Be Taken To Scene Of Crime Monday

When Richard Howe, alias Howell, and a half dozen other aliases arrested at Irvine charged with the murder of detective Scottine, of Canton, Ohio, was brought to Richmond to await extradition papers, he refused Sunday to talk to anyone, except James Hurdlicka, a Canton detective, and the latter is about the only one the jail did not want to talk to the much wanted man. Hurdlicka told the prisoner what he thought of him, and it was in choice language. Upon the face of this, however, Howell asked for the privilege of walking in the corridor which was refused.

Howell, who was taken into custody by Chief of Police Philpot of Irvine, is known as a desperate man. It is claimed that he was one of a gang of bank robbers in Canton that robbed a bank some time ago and it was for this job that he was hunted down and arrested by Hurdlicka. The latter was the working partner of detective Hurdlicka, and this is the given reason for the latter refusing to talk to him Sunday.

It develops that Scottine had arrested Howell, and had stopped on his way home with his prisoner, being near Canton, in an automobile, and had given the man his supper and then resumed the trip to Canton, when the officer met his untimely death.

Jail employees have the report which is said to have been given by the prisoner to the effect that when he was arrested and searched, a small automatic revolver which was in the watch pocket of his trousers, had been overlooked by the arresting officer. This caused his death. It was while driving along towards Canton, after the men had had their supper at the officer's home that Howell, while handcuffed, worked his hands to his side, drew the revolver unnoticed by the detective driving the machine and placing the point of the weapon close to the unsuspecting man "pumped" till the bullet chambers were empty. Then he stopped the machine, searched the victim, who was dying, found the key to the handcuffs, unlocked them and threw the dead man's body out of the machine, drove on for several miles, put the machine up in a garage and made his escape.

The city of Canton offered a reward of \$500 for the capture of Howell, and it is understood that a similar amount has been offered by the state of Ohio, and this will doubtless be the reward of Chief of Police Philpot. There is a certain air of mystery about the case as yet unclear. However officers who are here in the interest of the case will not speak of it at this time.

Upon the discovery of the murdered detective, the latter's pal, detective Hurdlicka was given the job of running down the murderer of his service mate. He hounded Howell through Ohio, West Virginia, and then into Kentucky. He located him at Irvine, and knowing that Howell would recognize him, informed Chief Philpot of the case and the latter went after the man wanted and got him. Officer Philpot said that he had been told of the desperate character of the man and that he took no chances, but when Howell was confronted by him and the order to throw up his hands was given, Howell immediately obeyed.

Deputy Sheriff C. W. Kirk, of Canton, is at Frankfort seeking the endorsement of Governor Morrow to the requisition papers and as soon as this is accomplished, which will be some time Monday, he will come to Richmond and together with detective Hurdlicka, and chief of detectives E. H. Swope, who is here, will start to the Ohio city with their prisoner.

The date of the Letcher county School and Farm fair has been decided upon, being Sept. 24-25. Plans are being made for making the event an auspicious one.

It is being whispered that there will be some "palefaces" captured and scalped some time very soon at the meeting of the local tribe of Improved Order of Red Men.

"STAND BY TREATY!"

—PRESIDENT WILSON

(By Associated Press)

Washington, May 10—President Wilson, in a message made public at the White House Saturday night, called upon Democrats throughout the United States to stand by the Versailles treaty and against the Lodge program of ratification with reservations.

His message was in the form of a telegram to G. E. Hanaker, Chairman of the Multnomah County Democratic Central Committee, Portland, Ore. President Wilson made his insistence upon the incorporation of an unqualified treaty plank in the platform so strong that political observers in the capital interpreted his message to mean that might endeavor to make himself the leader in the fight by becoming a third term candidate.

**Lively Tilt Over
Campaign Expense**

(By Associated Press)

Washington, May 10—Campaign expenditures were the subject of a lively tilt in the Senate today between democrats and republicans. Senator Walsh, democrat, of Montana, referred to the stories that the republicans are planning to raise \$10,000,000 with T. Coleman DuPont in charge of securing contributions. Senator Smoot, republican, of Utah, denied the report as without foundation. He had no idea that either party will attempt to raise ten million dollars, which he considered excessive, but as between republican and democratic millionaires, he considered the latter could raise more money. Senator Borah, republican, of Idaho, said it is apparent that certain influences in both parties are seeking domination through the use of money.

Senator Thomas, democrat of Colorado, declared ten million dollars is "chicken feed" these days, and urged his plan to tax campaign contributions of more than a thousand dollars.

CIRCUIT CALENDAR UNDERGOES CHANGES

Judge Shakerford of the Madison circuit court is hearing evidence in civil cases today and is preparing for the clearing of the docket by the last week of the month, when he will give his attention to a number of cases growing out of the recent investigation by the grand jury. There will be a number of arrests made in the meantime and the date of May 25, has been set for their hearing with the disposal of these cases, the docket will be pretty well cleared for this term, and indications are there will be little delay and the present term will be concluded within the month.

The case of Cora Boggs against the administrator of the late William H. Boggs, for possession of an automobile terminated in a verdict for the plaintiff. Mrs. Boggs, did not formally make claim to the property, it is claimed at the time of the death of her husband, and the action occurred after the vehicle was sold as part of the estate.

The suit of S. A. D. Jones against Young and Jasper, resulted in the plaintiff getting a verdict.

The action of the Royal Tailoring company and the Superior Tailoring company against George Goodloe et al, was dismissed upon application of the plaintiff.

The suit of Mrs. Mary F. Hale against the city of Richmond for damages, which was to have been called for a hearing Monday, was reassigned and will be heard on May 24.

Warfield Collins, who was severely injured several days ago in a fall while at work on the L. & N. bridge in the vicinity of Red House is recovering at the Pattie Clay hospital.

Mr. and Mrs. Samuel Forbes, of Blooming, Ill., formerly of this city, reported the arrival of a baby boy at their home, who has been christened Dale Eugene.

KENTUCKY BAPTISTS GO FAR OVER QUOTA

Total of \$1,200,000 Will Be Reported At Convention At Washington This Week

Baptists of Richmond have exceeded their quota by more than \$3,000 and Kentucky Baptists have raised \$55,000 over their quota of \$1,300,000 pledged for the first year to the Baptists \$75,000,000 campaign, and these interesting facts will be made known at the Southern Baptist convention which convenes at Washington this week.

Rev. O. O. Green pastor of the Richmond Baptist church, accompanied by Mrs. Green, departed Sunday for Washington where they will be in attendance at the convention which opens on Wednesday and convenes the remainder of the week. The Richmond pastor will make it a point to be in attendance at all of the meetings and take notes of the convention, especially the incidents of his home state and will be able to bring an interesting report home. This convention will be known as the Victory convention, since the \$75,000,000 goal has been reached and exceeded since the last meeting and the fund is said now to be nearing the \$100,000,000 mark.

The Richmond church has not only exceeded its quota, but has that for the first year paid in full, and credit advancing for the future payments. This sum exceeds by far the largest amount ever raised by the denomination in Kentucky before, and is equal to any ten years' collection for benevolent purposes in the past. Reports prepared for the convention will show a total of approximately \$90,000,000, of which a large part has already been paid in cash.

Delegates from Louisville and various parts of Kentucky to the convention will make the trip in special Pullmans, attached to the regular C. & O. train and a special train, known as the "Baptist Special," leaving Louisville over the same road at 9 o'clock Tuesday morning.

HERRINGTON COMING TO TALK WHITE WAY

As a result of a conference held with Vice President Lewis Herrington, of the Kentucky Utilities Company, by Messrs. J. J. Greenleaf, M. C. Kellogg, and S. M. Sandley, at Louisville Saturday morning, in regard to the White Way plans for Richmond, Mr. Herrington has agreed to come to Richmond within the next week and go over with the council and Special Citizens' Committee all details covering the proposed installation of this system here.

Following the action of the City Council last week, the three gentlemen named above went over the contract asked by the Kentucky Utilities Company thoroughly with Mr. Herrington. Many facts were brought out in this conference which have not hitherto been discussed fully, and it was agreed that the most feasible plan will be for Mr. Herrington to come here and hold a conference with the councilmen and citizens about all details of the proposition.

Mr. Herrington, as a former citizen of Richmond, is very anxious to do everything that he can for his "old home town" and it is believed that as a result of his visit here, a plan will be worked out that will result in the securing of this big improvement for the city.

Pewell County's Paper Suspends

The Clay City Times, up in Powell county, printed only a two-page paper last week. In so doing, it used up the last paper it had, and announces that it will have to suspend publication until it can get some more. The Winchester Democrat hasn't visited

our office for several days. It had suspended for a few days at a time quite often during the past few months, owing to inability to buy paper anywhere. The paper situation seems to grow more serious every day. The Daily Register has enough white paper on hand for a week or so yet and has three tons enroute from New York since April 6. Due to the outlaw railroad strike and the freight tie-up this hasn't gotten in yet and there's no telling when it will get in. The price of paper doesn't cut any figure in the newspaper publishing business any longer. It's simply a question of being able to find paper that one can buy, at any price.

Charges of a "corner" in print paper were made before the Senate committee, investigating the paper shortage of Cortland Smith of New York, president of the American Press Association. Mr. Smith testified that printpaper manufacturers are in a conspiracy to regulate both production and prices. To break the market Mr. Smith said, a substitute for wood pulp must be found. He urged a Congressional appropriation of \$250,000, to be used in experimenting with substitutes, and asked that it be placed in the hands of "persons who cannot be reached by the paper manufacturers."

Describing the country press as "having its back to the wall," the witness declared that unless relief were provided it would be "annihilated." "Not half of the country press will survive unless there is a drastic change in the situation," he told the committee.

The Democratic women of Madison county are to be congratulated upon their zeal and enthusiasm in launching the organization which is bound to play a large part in the selection of officials not only in the state and nation but in the county in the future. Democratic women of Kentucky have a great responsibility before them and they must arise to meet it. Many of them, it is true, did not wish the ballot and take little interest in politics. But everyone must be brought to realize the consequences if they sit idly at home while the republicans rush their cohorts to the polls. The good women who organized here Saturday are starting a great work and here's more power the them.

Mexico Setting The Stage?

If the many political factions in Mexico are not setting the national stage for another series of resultless revolutions to follow coming election, all the external signs are vanguarding false signals. Based upon the complications of other elections there is every appearance that the maneuvers of the present are preliminary to events similar to those which accompanied the retirement of Porfirio Diaz.

The rapid changes that ensued are familiar to American readers who may see in the stage setting of today a state of political mind strikingly like that common to the period of Madero Huerta and the earlier career of Villa, what is happening in Mexico and what is sure to come later, is serious to Americans only for whatever effects they may have upon Americans along the border and in the country to the south.

The feeling for and against war with Mexico is still strongly divided and the swing of the pendulum at some critical moment may be the deciding movement. Whether that encourages or not, Americans will regret to see the men who should be the steady stabilizing influences in Mexico lending their energies to demoralizing their country.

Foreign Trade "On Its Own."

Commerce may feel safer when it is under the flag, but it does not place its entire reliance on the national emblem. Trade with the technically enemy lands is growing rapidly, according to latest official statistics of the foreign commerce of the United States. In February last our imports from Austria amounted to \$69,419 while our exports to that shrunken country aggregated \$572,885. To Germany we sent goods valued at \$18,558,807 and from there we received articles of commerce valued at \$3,281,559.

Nor are we completely cut from Russia in Europe, which is neither friend nor enemy. In February we imported from Russia goods valued at \$55,627 and exported to the distraught land things worth \$910,302. These are a long way from pre-war totals, but they show a resumption of world commerce that is encouraging.

STREET INSPECTION MADE BY CONTRACTOR

Who Expects Paving Work in Richmond To Be Started Early Next Week

Anxious to get the work of paving the Richmond streets started, Mr. Banks, of the contracting firm of Lampton & Banks, Louisville, was in the city Friday, to look over the situation. The first consignment of machinery with which the work is to be started, has arrived and Mr. Parks is anxious to start another shipment Monday morning. He inspected the streets of the city and stated that he was not apprehensive of being unable to finish the contract within a reasonable time, stating that they had a large force of workmen, and that these men would be held, even though the southern contracts now being finished, were completed before the Richmond work was taken up, since the company wanted to get at the local work and finish it without having the city hampered by the streets being torn up any longer than possible. He commented upon the difficulty in getting street work done these days, and stated that the contractor was badly handicapped, owing to the shortage of labor, however, he explained that the only sure way was to get the men and "hold" them, even though they were not steadily at work. This his company is doing, with the result that the weather is the only matter to be reckoned with. Mr. Parks is of the belief that he will be able to follow closely upon the heels of the men now at work in the Richmond streets and will work to this end. He will start a shipment of additional machinery and it is expected that the first of the men will be in the city the first of the week, when actual work of mixing concrete and laying of the first asphalt will be started.

QUARTET OF ALLEGED MURDERERS IN JAIL

There are four men in the Madison county jail charged with murder at the present time, this being the largest number for many years, according to jailer William H. Burgess, who with turnkey Frank Hunter, are very busy these days, since they have almost a score of prisoners to care for.

The three other men who will have to face a murder charge, beside "Dick" Howell, from Canton, O., are Chester Phelps Bradley Smallwood and Melford Lawson, who were brought here from Knox county, on a writ of transfer in the Knox county circuit court, as a result of the unsanitary condition of the jail there since the trial of the men it is claimed, will not take place until next August. The trio is charged with having murdered an American soldier recently in Knox county and to have thrown his body into a creek, after committing robbery. The men have made a few statements regarding the case, but all maintain that they are not guilty. One of them however, is said to have remarked that the soldier, who recently returned from overseas duty had about \$40.

ERNST ANNOUNCES

HON. RICHARD P. ERNST.

Covington, Kentucky
May 10, 1920

For some time past it has been known to many of my Republican friends throughout the State that I would be a candidate for the Republican nomination for United States Senator.

I now desire to make public announcement of that fact.

I keenly appreciate the responsibility and importance of this high position, and, in the event of my election, I will give to the duties of this office the best there is in me and will represent the people of Kentucky and of the United States to best of my ability.

I desire, also, to take advantage of this opportunity to express my sincere thanks to the many Republicans throughout the State who have, without solicitation on my part, so kindly and generously offered me their support.

RICHARD P. ERNST

ERNST ENTERS SENATE RACE

CANDIDATE NOTED FOR EXTENSIVE CHARITY WORK

EDUCATOR AND "Y" LEADER

Ardent Supporter of Movement To Wipe Out Illiteracy

It is hardly necessary to introduce Richard P. Ernst, whose candidacy for the United States Senate has just been announced, to the average Kentuckian.

His name has appeared throughout the state in connection with charitable movements, war campaigns, church and missionary work and drives to aid the schools and school teachers, especially in the mountain districts.

His charitable work, aggressiveness and progressiveness in civic movements and personal popularity have made him one of the most generally admired men in Northern Kentucky.

His extensive work in the interests of his state and its people began immediately upon Mr. Ernst's graduation from the famous Old Centre College, Danville, where he was valedictorian of his class.

Admitted to Bar.

He was admitted to the bar in Kenton county after examination by Senator John W. Stevenson and Judge William R. Arthur and since has practiced law in Covington and Cincinnati with the same aggressiveness and success that have featured every movement worth while into which he has directed his efforts.

Glancing over the long list of his activities one can see that he continually has enlisted himself in movements in which he could accomplish best results for the people.

As trustee and a member of the Executive Committee of Old Centre College, Kentucky State University at Lexington, and of Pikeville College, his excellent advice and assistance in matters of importance have been extremely beneficial to the students.

Wars On Illiteracy.

Recently he has taken a deep interest in the campaign teachers are waging for increased salaries and has been taking active steps to secure better pay both for the teachers of the state and for the professors in our colleges and universities. The mountain schools especially appeal to him and he has been an ardent supporter of the movement to wipe out illiteracy and to offer residents of the mountain

districts better facilities for education.

Mr. Ernst's continuous help has been received by the churches of the state, regardless of denomination. He is an elder and succeeded his father as superintendent of the Sunday-school, their terms of service covering a period of nearly 80 years. He has been looking after educational and missionary work in the mountains, as chairman of the State Committee of his church, and has succeeded in more than doubling the amount heretofore given for this purpose.

And his work does not end there. He is president of the Covington Y. M. C. A. and a member of the National War Council. As head of the Y. M. C. A. he has been mainly instrumental in erecting one of the most complete and modern buildings to be found.

Son in Active Service.

He was active in every form of war work and gave continuously of his time, labor and money, whenever called upon. His only son was serving at the front in France, as a captain in the regular army, when the armistice was signed. He had entered the army as a private during the Mexican trouble and later passed his examinations at Washington, winning a second lieutenantcy. Mr. Ernst's son-in-law, John P. Darnall, of Flemingsburg, volunteered as a private and also was in active service at the front.

His wide and extensive business and professional experiences, as counselor and advisor to many large financial and manufacturing concerns, has been of innumerable value to his state and community, as he has been called upon many times to give advice when matters of big moment were being considered.

Mr. Ernst's record of service in the Republican party is a long one.

Good Republican Record.

Beginning as Councilman in Covington, he was kept in office by members of both parties until he insisted on retiring. For many years he was on the State Central Committee and for four years served as its chairman. He has represented his district a number of times at National Conventions and also has been one of the "Big Four" from his state. It was he, who, while state chairman, established state headquarters at Louisville, since continuously maintained by the party. He also has been a liberal financial supporter of the party during all three years and one of its wise counselors.

Mr. Ernst's father was William Ernst, a banker at Lexington, subsequently Covington. His mother was Sarah A. Butler, a Jessamine county girl.

It was through Mr. Ernst's instrumentality that the Covington Industrial Club was developed and through his efforts that the campaign to erect a magnificent headquarters for this remarkable civic organization was successful.

Would You Lose If Your Property Burned Today?

The destruction of that \$5,000 home you built a few years ago would lose to you the original cost, plus another \$5,000. For it costs \$10,000 now to build the \$5,000 home of 1914.

Likewise the loss of today of the business property that cost \$50,000 before Germany went mad, would be \$100,000—probably \$100,000 would not replace it.

and Training School for Nurses

At Berea, Kentucky, offers a three years' course of instruction, which leads to graduation. The graduates from this institution are eligible for examination by the State Board of Nurses' Examiners, and for registration. The course of training and study fulfills all the requirements of the laws of the state. Applicants must have completed the Eighth Grade and one year's High School or its equivalent.

Uniforms and textbooks are furnished by the institution without cost to the students. Students are also given board and lodging and necessary laundry of uniforms. Each student nurse also receives an allowance of \$120 per year for her necessary expenses. This allowance is given in monthly installments of \$10 each.

Plans are under way for additional buildings that will double the present capacity of the institution for caring for patients and training nurses.

Places are now open for ten more young women who desire to take up the work.

For particulars address,

IDA M. JONES, R. N., Superintendent.

SOCIAL AND PERSONAL

Chenault--Weekend

A host of relatives and friends here are interested in the marriage of Miss Anna Ware Chenault and Mr. Robert Woolcot, of Winchester, which was solemnized in the Presbyterian church

parsonage at Lexington this Monday afternoon. Miss Chenault is the only daughter of Mr. Tom Chenault, who until recently made Richmond his home but is now located at Hastings, Fla. She is very much admired for her beauty and attractive manner. The groom is not known here, but it is understood is quite popular in his home town and friends of the bride here extend best wishes for their happiness and prosperity. Immediately after the ceremony, Mr. and Mrs. Woolcot left for a motor trip to Florida where they will visit the bride's parents.

Dinner Party

Mrs. G. W. Evans entertained very delightful at dinner Thursday evening in honor of Mrs. L. R. Miller of Mississippi, the house guest of Mrs. Harvey Chenault. Those included in invitation were Mrs. Miller, Mr. and Mrs. Harvey Chenault, Dr. and Mrs. O. Olin Green, Mrs. James W. Smith, Miss Kathleen Park and Miss Cornelia Smith.

Honor for Miss Marshall

The following clipping from the Lexington Leader will be read with interest here where Miss Marshall frequently visits her aunt, Mrs. J. S. Collins on West Main street. It says: A carnival in which students will take part is being arranged by faculty members of Hamilton College and will be given on the campus next Tuesday after the Transylvania-Hamilton parade. All alumnae of the college are asked to join the parade and to have their cars decorated in gold and white, the college colors.

The queen and her maids were chosen by popular vote as follows: Queen, Miss Marshall of Atlanta, Ga.

maid of honor, Miss Nan Hornsby, of Eminence, Ky., maids, Misses Ruth Carrier, Lancaster; Anne Amos Oakland; Bernice Champ, Lancaster, Eliza

When CALUMET comes in, all baking troubles take quick leave. You go right ahead and mix up baking materials, for biscuits--cakes--anything without fear of uncertainty. Calumet makes you forget failure.

CALUMET BAKING POWDER is the most popular because it does give most perfect results. It has the biggest demand because it is the most dependable. The fact that it is the biggest seller proves that it is the best. A trial will convince you that there is none "just as good" but can--if you are not satisfied take it back and get your money back.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

PLANT ROOSEVELT ROAD REMEMBRANCE

(By Associated Press)

New York, May 10—Roosevelt Road of Remembrance planted with memorial trees from ocean to ocean, would be the greatest of all memorials that could be erected in honor of the former President, declared Chas. Lathrop Pack, president of the American Forestry Association, of Washington, in an address at Flushing today. Mr. Pack spoke at a memorial tree planting in memory of Theodore Roosevelt and Quentin Roosevelt. Two white oaks that have been registered on the Association's honor roll were dedicated.

"In a Roosevelt Road of Remembrance," said Mr. Pack, "every citizen of the United States would have a part and no finer memorial could be erected than such a memorial highway. As never before the United States needs a great outstanding lesson in forest conservation for this country today faces one of its gravest problems: the perpetuation of its greatest natural resource, the forests."

"Millions are to be spent on improved highways that the producer and consumer may be brought closer together. Let us beautify these highways in the building. Let us keep the message Theodore Roosevelt gave us alive. That message was that national prosperity and well being is dependent upon a nation's forests. With such a memorial, arousing the whole nation as it surely would for each would have a part Theodore Roosevelt would both be honored and would know that message had been heard."

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years. Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities. Dr. Edwards' Olive Tablets are known by their olive color. 10c and 25c.

GOODRICH FOREMAN GIVES OUT FACTS

Gaines Fourteen Pounds Taking Tanlac And Feels Better Than In 12 Years

"Of all the people who have made statements about being benefited by Tanlac I believe I have the most cause to feel grateful," said Frances Weirath, 210 West State street, Akron, Ohio, in a statement a few days ago.

Mr. Weirath has held a responsible position with the Goodrich Rubber Company in Akron for twenty-three years. He is a thirty-second degree Mason, has been an active member of the Akron lodge for nine years, and numbers his friends by the hundreds.

"If I should tell what an awful state of health I was in before I took Tanlac," he added, "people who don't know me would hardly believe it when I say I am now a well man. I have been paying out money for treatment and medicines for fourteen years trying to get my health back. I have spent three or four thousand dollars—enough to buy a fine automobile—and you may believe it or not, Tanlac is the only thing I have ever found that did me any good. For the past ten years I have suffered with indigestion and was constantly troubled either with constipation or just reverse. I had no appetite and all I could eat for breakfast was a soft boiled egg and a little milk. Many a night I was so nervous and miserable I never slept a wink and, thinking I could never get well, I lost nearly all interest in everything and everybody. I was always so tired and fagged out that I never felt like doing a thing in the way of work and life had become a burden to me."

"One day I made up my mind to try Tanlac, knowing my mother-in-law had taken it with fine results, and it helped me right from the start and has proved to be just what I have needed all these years. I have only been taking it for about four weeks and have just finished my third bottle, but I have already gained fourteen pounds and never felt better in twelve years. I am now a well man and am still gaining both in weight and strength every day. I am now feeling fine and I mean to say by that that I have no more indigestion or an ache or a pain of any kind. My appetite is just great and I have gotten off my eggs and milk diet and eat just anything. I am now sleeping sound every night and that tired, worn out feeling has left me. If anyone wishes to get it direct from me what I think of Tanlac and what it has done for me let them come down to the plant and I will gladly give them all the facts. The men at the shop are now telling me that I'm looking fine and getting fat and want to know what I am doing for myself, and it's a pleasure for me to tell them that Tanlac is what has made the wonderful change."

Tanlac is sold in Richmond by Stockton & Son.

A. J. Butler, an automobile salesman from Cincinnati, was in the city today, mingling with local dealers. Principal Private Roy Doss, Eighty-first Field artillery, wanted for desertion, was shot and killed while resisting arrest, reports claim near Beaver Dam, Ky.

The Report Charge Is Made For A Service Rendered

REPORT charges are only made under certain conditions on person to person long distance calls (which include appointment and messenger calls), and then only in cases where the telephone company has performed for you a real service in the use of its lines and operators.

When you give a messenger instructions to deliver a message across town to a particular person and to bring you an answer and the messenger carries out your instructions but reports that the party was absent from the address given and could not be located, what do you do? You pay the messenger a fee for the service he rendered.

When you ask the telephone company to locate a person in a distant city for you and it connects with the given address but the person is not there and it so reports to you, it has done all it could. It used its agencies fully but it could not control the whereabouts of the person whom you desired to reach. It has done what the messenger did. It employed its wires and effort was expended by its employees to perform the service requested by you, and for this service a charge is made.

This is the report charge.

The telephone company does not charge for all reports.

No charge is made for reports of "busy," "out of order," or "don't answer."

Unless the company succeeds in reaching the designated station and reports to the calling station within one hour after the call is made, there is no report charge.

Regardless of the number of reports made on a call for a particular party at a particular address, only one report charge, when applicable, is made.

If the call is completed any time during the day filed, all charges for reports are cancelled.

If there is anything about our rates and practices you don't understand, call the local manager and he will be glad to explain the whole schedule to you.

Or, if you are billed at any time with charges in conflict with the above rules, take the matter up with the local manager. He will gladly and promptly correct the mistake.

We believe that the willingness to correct error, inevitable in all enterprises using human agencies, is one of the prime elements of public service.
